Granddaughter of the Great General Draws Aside the Covering.

President McKinley and Other Di tinguished Officials Present-Parades and Salutes.

Philadelphia, April 27.-In the presen of an immense throng of spectators, among whom were President McKinley, accompanied by his official family, and a distinguished party from Washington, the equestrian statue of Gen. U. S. Grant was inveiled in Fairmount Park this afternoon. Miss Rosemary Sartoris, of Washington, granddaughter of General Grant, had the honor of loosening the cord which let fall the drapery around the statue.

President McKinley and party arrived from Washington at 12:30 p. m., and were conducted to the Hotel Bellevue. After a luncheon the gentlemen of the party took carriages, and, escorted by the First City Troop, Philadelphia's crack cavalry organization, were driven to the park. After the President's party left the hotel the fereign ministers and the ladies from Washington were driven to the monu-

On arriving at the statue Mr. McKinley was given an ovation by the great crowd, which filled every available spot in the vicinity of the monument and stretch-ed far up and down the river drive. The naval reserves fired a salute of twentyone guns in honor of the President. At 2:30 the military parade, which formed an interesting feature of the unveiling ceremonies, was started from Broad and Spruce Streets. Maj. Gen. George R. Snowder was chief marshal. The column was composed of four divisions, as follows:

First Division—Capt, Joseph B. Coghlan, commanding marines and scamen of U. S. S. Raleigh, marines and srapen from League Island, and the New Jersey maral reserves.

Second Division—First Brigade, National Guard, Pennsylvania, Brigadier General Shall, communding. After Mr. Converse had concluded, Miss Rosemary Sartoris gave a gentle pull to the cord, releasing the cloth which had

Lippincott, followed closely by Mrs. Harrison, Miss Sartoris and Mr. Montgomery.
They were driven to the Hotel Walton,
where Mrs. Grant immediately sought her room to take some rest. Among those present at the unveiling were Mrs. Gage, wife of the Secretary of the Treasury; Mrs. Griggs, wife of the Attorney General; Mrs. John Thompson Spencer; Mrs. Long, wife of the Secretary of the Navy. Mrs. Hitchcock, Mrs. George W. Childs.

Brig. Gen. Frederick D. Grant, sunburned and tanned, arrived at the Hotel Wal-

Only a small crowd gathered to see Mr. McKinley, and his passage visit. It is intimated, however, that they discussed the recent reports from the island that the Cubens are dissatisfied with the administration of affairs by American officials, and particularly with the decision to distribute cash only among those who are supplied with arms. The first of the party to reache the station were Secretary and Mrs. Gage, accompanied by Capt. Algernon Sartoris, and following in quick succession came Secretary and Mrs. Long, Dr. Rixey, Assistant Scoretary Cortelyou, Stenographer Foster, Attorney General Griggs, and Scoretary Hitchcock. All of the party occupied seats in the parior car, Agatha, with the excep-tion of the Attorney General and Scoretary Hitchcock, who entered the rear compart-

The President and Mrs. McKinley were the last to arrive and reached the station at 9:30. They were met at the Sixth Street entrance of the station by Chief Clerk Williams who escorted them to the train. Only about twenty persons were assembled to greet the President and Mrs. McKinley and only the respectful raising of hats marked their arrival.

The President appeared unusually active and showed no signs of his recent indisposition. As he smillingly bowed his acknowledgments to those in the station his face showed every indication of health and returning strength. As soon as the President and Mrs. McKinley were neated the train pulled out. This was at 9:32. The train was run on a special schedule, no stops being made on the route. The party will not return to Washington until tomor-

Only a Complete Vindication Will Satisfy the Major Gen-eral Commanding.

There are a great many stories curre neerning the reason for General Miles' visit to President McKinley yesterday. The most plausible account and tha rhich comes from high authority, is that President McKinley sent for General Miles to discuss the probable findings of the Beef Court of Enquiry. General Miles is reported to have said that only a computer vindication by the that only a complete vindication by the Court would satisfy him, and that at this time he would not seek to divert that tri-bunal from any decision reached by it. This story was discredited by General Miles' partisans, who argued that, if he Miles partisans, who argued that, if he conducted a successful campaign against the Filipinos, he would receive the main measure of credit from the American people, but that if, by any misfortune, the campaign should not prove all that might be desired, the people might surpect the administration of the War Department with not having sufficiently sustained General Miles.
